5. New Business.
 - a. Business Leaders: Questions and Answers on how to help Evansville, and what can we do for their business?

There was discussion about what we could do as a committee to help better serve the community. We want to let businesses know that we are here to help them, and bring future business to Evansville. We determined that we would like to set up a meeting with all of the businesses around the new exchange street project. With the changes coming to Highway 14, we want to help coordinate efforts with any information we have. We will set up similar meetings in the future with other business centered around the projects the city has in place.

There was discussion that we would like to go out and visit many of the local businesses. We would also like a better understanding of the TIFF districts, past and present. We will invite Bill Connors to a future meeting for more information.
6. Motion to Adjourn at 7:23pm by Alderson Anderson , 2nd by Roger Berg.

David Kooyman, Chair
